

Punchdown Stripper

Combine two frequent operations with this inexpensive and handy tool. Strips twisted-pair UTP/STP data cables and wires and terminates wires into 110 blocks. Easy to find in tool belt or box in bright Paladin Tools orange! Use on UTP/STP data cable, multi-pair cable, hook-up wire and more.

- Self-regulating strip depth
- Fast and easy to use
- Great for CAT-5, CAT-5e, and CAT-6 data cable
- Built-in 110 punchdown (punch only)
- One-year warranty

Non-Impact Punchdown Tools with Fixed Blades

Terminates and cuts telephone and data wire into various types of terminating panels.

- Non-impact, low-cost punchdown tools for 110, 66 & BIX.
- Works with 28-22 AWG (.08 - .5 mm²)
- Solid or stranded, single insulation wire
- Comfortable rubber handle grip
- Performs both cut and punch functions
- Perfect for small jobs and the do-it-yourself installer
- Fits in the palm of your hand
- Typically lower in cost than replacement blades for punchdown tools
- One-year warranty

GripPack Quick-Release Tool Holster

The rugged GripPack Quick-Release Tool Holster is the first choice for data and voice professionals! We designed it with the specific needs of installers in mind.

Not only does it hold all of the essential tools you use constantly throughout the day, but we added these cool features to the holster itself:

- Easy-on, easy off with new quick-release belt clip
- Belt clip swivels so the holster moves with you and the tools stay out of your way
- Form fitted PVC material ensures that tools don't fall out - even if you drop your kit or they are upside down

The holster was molded to specifically hold the following Paladin Tools:

- Data SureStrip® UTP/STP & flat satin phone cutter/stripper
- Datacomm scissors with serrated blades & ergonomic handles
- Punchdown tool - either the ergonomic SurePunch® *Pro* or the original SurePunch® PDT - both terminate cable with a single punch!
- Mini-MagLite® or SurePunch® *Pro* detachable LED to light your way
- Sharpie® marker

Be ready for your cabling tasks of the day and Get a Grip by checking out the full assortment of kits.

Faster network installations, reduced hand fatigue and labor costs!

SurePunch™ Pro Impact Termination Tool with Double 110 Blade

Accepts all manufacturers' twist-and-lock-style blades

Another Paladin original – a detachable light! Such a great idea, its patented!

Finger grips and non-slip, cushioned sides make it comfortable to use

Multi-use spudger: screwdriver and IDC contact insertion tool

Pick separates bonded twisted pair, strips insulation or cuts wire

Hooks feed wire through holes

Adjustable impact force to meet demands of all cables

Blade storage with latch cover and soft palm cushion area

SurePunch™ Pro Punchdown Tool

Faster network installations, reduced hand fatigue and labor costs!

We introduced the SurePunch® Pro with the first and only detachable LED light to eliminate working in the dark. We now bring you the reversible Double-110/110 punchdown blade so you terminate pairs with each punch, not a single conductor. It is a twist-&-lock style blade and works with standard 110 jacks and panels with .150" center spacing.

Features and Advantages:

- Terminate cable in a single punch – including 23AWG Cat6
- Detachable light with long-life LED specially designed to focus the light on the panel work area
- Luminous intensity of the LED is 2200 mcd
- Finger grips and non-slip rubber-embedded cushioned handle for comfort
- Multi-use spudger that can be used as a screwdriver or an IDC contact insertion tool
- Hook to feed wires through holes
- Pick to separate bonded twisted pair cables or to strip insulation and cut wire
- Adjustable HI/LO spring compression for all cable types.
LO= 27.5 lbs (122 N), HI= 37.5 lbs (167 N)
- Uses all twist-and-lock style blades
- Blade storage area in end of handle with comfortable latch cover
- Lifetime warranty on tool
- One-year warranty on blades and light

SurePunch® Punchdown Tools

Terminates and cuts telephone wire and data cable into a variety of termination panels including 66, 88, 108, 109, 110, BIX™ and Krone® LSA for insulation displacement (IDC) type bifurcated terminals. Paladin's SurePunch™ PDT is engineered with:

- Cushion grip, molded to the shape of your hand, for comfort and a sure, non-slip hold
- Increased HI/LO impact force to meet demands of new cable types and AWG sizes:
LO= 30 lbs (133 N), HI= 40 lbs (178 N)
- For 28-22 AWG (0.08 - 0.34 mm²), solid or stranded wire
- Uses all twist-and-lock style blades
- Cushioned heel for comfort in the palm of your hand
- New latch cover blade storage area in end of handle
- Lanyard holes in end
- Lifetime warranty on tool, one-year warranty on blades

ProPunch™ 110 Multi-pair Punchdown

Terminates and cuts up to five pairs of data/voice cable at the same time! We designed it to perform over 30,000 cycle punches and to terminate most 23 AWG cable pairs in one punch!

This tool delivers more than one and a half times the force of other multi-punchdown tools on the market today. The rugged "no-slip" handle fits comfortably in your hand with the handle end contoured to the heel of your hand.

- Fewer punches saves time
- Smooth operation and rugged, comfortable handle absorbs punch recoil
- Terminates 28-22 AWG (.08 - .34 mm²) solid or stranded wires with single insulation
- Cut and punch blade cassette or switch blades for punch only
- Designed to work with 23 AWG CAT 6 cable
- Lifetime warranty
