

**FiverOptic™ Striper**

The FiverOptic™ combines 5 fiber optic stripping functions onto a single tool reducing your tool costs and saves you time – you always have the right tool.

**Function**

- Strips outer jacket from 2.0-2.4 mm fiber and 2.8-3.0 mm fiber
- Strips outer jacket from 2.0-3.0 mm loose tube fiber
- Strips 900um buffer from loose tube fiber without removing acrylate
- Strips buffer and acrylate from 900/125um and 250/125um fiber

**Features & Benefits:**

- Optimum ergonomic design with 22 degree angle prevents awkward wrist bends
- Comfortable, rubber-embedded handles
- Precision, CNC-formed stripping areas for reliable, accurate strips
- Unsurpassed ergonomics and comfort
- Factory-set and calibrated
- Manufactured from high-carbon steel for longevity
- Locking handle for safe transport
- One-year warranty
