# - Indicates any number.

X - Indicates that the cable in this column and the termination in this row can be used together in a standard part number.

1 - These cable assemblies may use heat shrink tubing under overmolded terminations.

2 - These cable assemblies have two of the same termination at one end. Each termination is molded in a different color.

3 - These cable assemblies use a larger overmold than is pictured in the Engineering Design Guide.

4 - Other termination/cable combinations may be available on special order.

DIMENSIONS ARE FOR REFERENCE ONLY  $\frac{\text{Inch}}{(\text{mm})}$
